NASTY FIGHT OF EQUITABLE.**Overthrow of So-called Harriman Interest.****Hyde Roasts Union Pacific Magnate Bitterly.****New Chairman to be Had. Directors Resign.**

(BY DIRECT WIRE TO THE TIMES.)

NEW YORK, June 2.—[Exclusive Dispatch.] The fight between the directors of the Equitable today accomplished the following results:

Complete disclosure of the Frick investigation committee; virtual election of the report, and overthrow of the so-called Harriman interest in the society.

The resignation of Henry C. Frick, Edward H. Harriman and Cornelius N. Bliss from the Equitable board of directors.

The determination to create the new office of chairman of the board, with plenary power over all officers and departments of the society, in accordance with the suggestion made some time ago on behalf of the Hyde element in the organization.

The revision of the by-laws of the society.

The surrender within three months, by Hyde of his voting control of the society by some means yet to be worked out, probably in line with his offer made in connection with the Madison suit, to trustee his stock.

The Times says that all this was done at one of the most remarkable meetings ever held by the directors of the great institution. It lasted, in two sessions, from 11 o'clock in the morning until nearly 5 in the evening, and was termed by Melville E. Ingalls, a member of the Frick investigation committee, "the most bitter and the most important meeting of the society since its organization."

It was the culmination of months of bitterness and intrigue, a period that had wound up with the attack of the Frick committee to eliminate Hyde, Alexander and Tarbell from executive control of the society. This was the basis of charges before and at the meeting, that a plan should have been hatched to direct permanently the power of the \$400,000,000 Equitable assets into the control of the Harriman-Pennsylvania Railroad interests. From this developed the assertion of the night before last, that the Standard Oil Company played a small part in affairs.

It did not figure in today's meeting, and, on the other hand, it appeared before the day was over that George Gould, president of the Missouri Pacific, who has close affiliations with the Rockefeller, had lined up with Hyde in direct opposition to the Harriman program.

In quarters in touch with James H. Hyde, it was intimated last night that the fact was that the importance in the railroad world. The attempt by Harriman in this to gain control of the society was supposed to be at the bottom of the move to prevent Gould from financing in New York his various railroad projects, the Washab extension to the Atlantic Coast and the new Western Pacific line. This was to have been accomplished, it was declared, by keeping the securities of the Gould lines in the hands of the directors of the Equitable, and by this virtual stamp of disapproval discouraging other financial institutions of New York from taking them.

In answer to the question whether this meant that the Equitable's financial support was to be withdrawn from the Gould lines, it was said that the Goulds had been enjoying the support of the Equitable in the past, and that the Goulds would receive the treatment that was accorded every other railroad head having legitimate interests to offer to the society.

The plan was to be carried out in full, a solid page of fine print. The report of the Frick committee is signed by the five members of the committee, and the most scathing arraignment of the management of the Equitable Life Assurance Society. It condemns unreservedly all the members of the committee, and calls on all other directors besides him to participate in the profits to make restitution, and recommends that President Alexander, First Vice-President Hyde and Second Vice-President Tarbell resign.

Nothing could be plainer than the language in which the report is couched, and a perusal of it seems to justify the remark of Ingalls, one of the committee, that he would be lucky if he got out of town alive when it was published.

FROM OTHER SOURCES.

(BY THE ASSOCIATED PRESS—A.M.)

NEW YORK, June 2.—A new alignment of the parties concerned in the Equitable Life Assurance Society appeared to have been established when the directors' meeting began. This meeting was expected to be most exciting, and it was generally expected that the directors either would decide to make public the report of the Frick investigation committee, or that a number of directors would resign.

Directors of the Equitable Society gathered at the society's building, No. 129 Broadway, early today, to attend the meeting of the board, which was expected to be the most important of the year. The meeting began at 11 o'clock. Intense interest was shown by all, and there was active discussion of the Frick report, in small groups of directors, up to the time the meeting began. Another topic of these discussions was a report that a gigantic scheme has been planned to obtain control of the society's immense capital holdings in the interest of Standard Oil financiers. That anything of the kind was in prospect was denied by Samuel Untermyer, attorney for James H. Hyde. Untermyer said: "This report is so ridiculous for any comment from me. I need not take notice of it at all. It is perfectly absurd."

Hyde and Untermyer were in consultation some time, this morning, prior to the adjourned meeting of the board of directors, which was to consider the report of the Frick committee.

ator Dewey, Samuel Untermyer, George Gould, A. W. Krech, W. C. Gulbrink, Winslow S. Pierce, H. C. Hartstick, John J. McCook, Brandish Johnson, D. H. Moffatt, H. H. Whitson, William H. McIntyre and C. B. Alexander.

Melville E. Ingalls of the Frick committee called at the office of E. H. Harriman, just before the directors' meeting began, and asked him to be expected as a result of today's meeting. Ingalls said: "I expect a hot old time."

Shortly before the directors' meeting, a representative of William Nelson Cromwell, the lawyer, visited Vice-President Hyde's office.

A director of the Equitable was quoted to the effect that the Frick report recommended that the directors appoint a committee of five to select a new president, first vice-president, a second vice-president, to succeed Messrs. Alexander, Hyde and Tarbell. Four members of this committee, it was said, had been agreed upon. The Equitable directors took a one-hour adjournment at 1:30 o'clock. The early session was taken up principally with statements made by President Alexander and Vice-President Hyde opposing the adoption by the directors of the Frick committee report. Ingalls, a member of the Frick committee, was asked what he thought would be done with the Frick report. He replied that he believed it probably would be defeated, by a vote of 30 to 14. Frick said he could not tell when the committee report would be given to the public.

The directors' meeting reconvened at 2:30 o'clock. Mr. Ingalls and A. J. Cassatt left the meeting at 4:45 o'clock. Ingalls said: "Everything seems to be going Mr. Hyde's way."

Henry C. Frick, chairman of the investigation committee, left the directors' meeting soon after Ingalls, and said, as he did so, that he had resigned from the board of directors.

It had been expected that some members of the committee would resign from the board if the committee's report was not adopted by the board.

Ingalls was quoted as saying that a motion to adopt the report of the Frick committee was defeated by a vote of 24 to 14, and that the twenty-four votes in opposition included nineteen directors who are officials of the Equitable Society.

The Evening Post's reports of the Equitable meetings contains the following:

"Mr. Hyde was on his feet fully an hour, and attacked those who had made allegations against him with the utmost bitterness. He named in particular E. H. Harriman, and made him the focus of his most violent utterances. It was also recalled in connection with Mr. Hyde's attack on Mr. Harriman today that the young vice-president had declared at last week's day's meeting of the directors, that he had been betrayed by his friends."

Ingalls' declaration was more moderate in tone, and did not name personalities. He declared that the report of the Frick committee fell short, particularly in that it did not deal with the question of mismanagement. He declared that the alleged waste and extravagance in the management of the society, and in the conduct of its office were the results of the system and one-man power control of the society.

"From two distinct sources the report came to the Evening Post today that E. H. Harriman had made an offer to Mr. Hyde for the latter's stock in the Equitable, since the report of the Frick committee was made last Wednesday. Efforts to verify these reports were unsuccessful. Neither Mr. Hyde's friends nor Mr. Alexander's would discuss them."

CHANGE OF CONTROL.

Wall Street Hears That Rockefeller Directors of Colorado Fuel and Iron Have Resigned.

(BY DIRECT WIRE TO THE TIMES.)

NEW YORK, June 2.—[Exclusive Dispatch.] E. Parmelee Prentice, son-in-law of John D. Rockefeller, would neither confirm nor deny today the report heard in Wall street that all so-called Rockefeller directors of the Colorado Fuel and Iron Company had resigned, leaving the company in complete control of the Goulds. Prentice has been one of the directors. So has John D. Rockefeller and Frederick T. Gates, private secretary of Rockefeller.

E. C. Cary, who is another of Rockefeller's private secretaries, and who has been assistant secretary of the company, would also make only non-committal replies. He said that he did not expect to meet Togo of Tashima.

"Third, the weather, the direction of the wind and the sunlight were unfavorable to the Russians, Togo having the sun behind him and firing with the wind, while the Russians had the sunlight in their eyes and fired against the wind."

"Fourth, the Russians wanted their ammunition and eventually ran short."

"Fifth, the marked inferiority of Russian gunnery."

Some experts criticize Rojostevsky for essaying the Tashima channel. Others uphold him, saying that his only charge lay in going where the Russians had the advantage. The impression prevails that Rojostevsky was totally unaware of the presence of Togo's entire fleet off Tashima.

Many believe that it was necessary for Togo to take a station at a pivotal point in the Tashima channel, in order to intercept the Russians entering either Tashima, Tugur or Soya channels. Calculations placed this pivotal point on the west coast, near the western entrance of the Tugur channel.

Togo's real whereabouts were known to many Japanese, but the secret was successfully guarded, another example of the willingness and ability of the Japanese to preserve military secrets.

BORODINO BECAME VERITABLE SHAMBLES.**A Russian Officer Tells How His Battleship Was Made a Target for Japanese Gunners—The Mortally Wounded Thrown Into the Sea.**

(BY THE ASSOCIATED PRESS—A.M.)

LONDON, June 2.—[By Atlantic Cable.] The Tokyo correspondent of the Daily Express sends a story of the battle told by an officer of the battleship Borodino. The officer says:

"Admiral Rojostevsky came on board early in the battle, and directed the light from the Borodino's flying bridge."

"At 3 o'clock the Japanese battleships Shikishima and Fuji opened every gun on us. A projectile struck the forward barbette, in which I had charge of a 12-inch gun, and this rendered us all inoperative."

"I groped out of the smoke-filled barbette to the deck, and found there a rain of projectiles. Dozens of men lying dead or wounded at every turn. I returned to the barbette, but was able to fire only two rounds, when two projectiles struck us simultaneously, wrecked the barbette, disabled both the 12-inch guns and killed eighteen officers and men."

The officer proceeds to describe how the Borodino now became a veritable shambles, successive shells destroying the steering gear, the mainmast, the masts, and the funnels, and the ship was left a helpless wreck. The officer says that the ship was finally abandoned, and the crew was thrown overboard.

"The Japanese had broken our battle formation, and were closing in, concentrating their fire on our fighting ships, of which crews hardly ever escaped."

"Fire had now broken out in several places, adding horror to our situation. The ship was now a burning wreck, and we were surrounded by eight Japanese ships and bombarded on every side."

"We still fought desperately with our 12-inch guns, and what was left of the vessel less conspicuous to the Japanese torpedo boats, several of which were seen."

On the night of May 29, a steam pipe burst, reducing the speed to five miles an hour. Lacking coal, all the wooden parts in the destroyer were burned for fuel before she reached Vladivostok.

CARLINAL CAUSE OF RUSSIAN DISASTER.

(BY THE ASSOCIATED PRESS—P.M.)

TOKIO, June 2, noon.—[By Pacific Cable.] The cardinal causes of Rojostevsky's defeat have been the subject of general discussion here. One Japanese expert gives the following analysis:

"First, an imperfect reconnaissance and incomplete, faulty and misleading intelligence."

"Second, an imperfect battle formation, which indicated that the Russian fleet did not expect to meet Togo of Tashima."

"Third, the weather, the direction of the wind and the sunlight were unfavorable to the Russians, Togo having the sun behind him and firing with the wind, while the Russians had the sunlight in their eyes and fired against the wind."

"Fourth, the Russians wanted their ammunition and eventually ran short."

"Fifth, the marked inferiority of Russian gunnery."

Some experts criticize Rojostevsky for essaying the Tashima channel. Others uphold him, saying that his only charge lay in going where the Russians had the advantage. The impression prevails that Rojostevsky was totally unaware of the presence of Togo's entire fleet off Tashima.

Many believe that it was necessary for Togo to take a station at a pivotal point in the Tashima channel, in order to intercept the Russians entering either Tashima, Tugur or Soya channels. Calculations placed this pivotal point on the west coast, near the western entrance of the Tugur channel.

Togo's real whereabouts were known to many Japanese, but the secret was successfully guarded, another example of the willingness and ability of the Japanese to preserve military secrets.

Leaving aside the questions of preparedness and superior conditions, the Russian fleet was not prepared to fight in the open sea, gave his crews long training in firing through rough weather, with a heavy wind blowing and the sun behind him, the hostilities began. The superiority of the Japanese immediately became evident. The sinking of battleships and armored cruisers, and the destruction of the Russian fleet, was the result of the Emperor's superhuman influence, strikes the keynote of the navy's attitude. The officers openly say that the marvelous result obtained was impossible by mere human achievement alone.

It is believed the surrender of Nebogoff became necessary because his ammunition was exhausted.

Hicks was appointed to succeed him. Without a dissenting vote both City Council yesterday withdrew the ordinance authorizing the lease of the city gas works to the United Gas Improvement Company for a period of twenty-five years, for which privilege the company was to pay to the city \$25,000,000. The Select Council also unanimously condemned the lease of the city gas works to the United Gas Improvement Company, and Lincoln Acker as Director of Public Works.

Running over other changes are still in circulation. Mayor Weaver has announced that from now until the end of the year he will place his administration on a business basis. Strict economy is to be practiced in all departments under his jurisdiction and all employees not necessary to the proper conduct of the city's affairs will have to resign.

(BY THE ASSOCIATED PRESS)

PORTLAND (Or), June 2.—The dedication of the new building erected by the Washington, Vice-President Fair and the governors of Oregon, Washington participated in Monday. United States Senators of Washington also attended.

When Vice-President Fair introduced, the audience arose in an ovation. The Vice-President praised the pleasure of his audience, and pointedly cheered. It is said that the growth of the Coast is just beginning, and veiled at the prodigious post commercial development of next century.

"CRANKS" ARRESTED.

(BY THE ASSOCIATED PRESS)

PORTLAND, June 2.—John and August Ziegenfuss, who attempted to gain an audience with the Vice-President, were arrested by the secret service today as "cranks." They are to be harmless. Ziegenfuss, ejected from the grounds, and is thought, will be discharged as soon as Mr. Fair leaves the city.

FAST-GROWING WALNUTS

BURBANK EXPERTS.

(BY DIRECT WIRE TO THE TIMES)

SANTA ROSA, June 2.—[Dispatch.] Luther Burbank, long different varieties of walnut produced a tree which makes the growth of any tree known. This achievement, which is of importance commercially, permits of the use of the walnut for the manufacture of furniture, and its use as a cordwood or as firewood.

His success was attained by crossbreeding English and American varieties of native black walnut. At present, walnut trees are grown in sufficient quantity to supply the market. The price will be greatly reduced.

LABORERS FOR CANAL.

The World at Liberty to Furnish the Supply.

Secretary Taft Will Employ Many Japanese.

Judge De Haven and Land Cases—Naval Board.

(BY DIRECT WIRE TO THE TIMES.)

WASHINGTON, June 2.—[Exclusive Dispatch.] Secretary Taft is preparing to call for bids for furnishing an army of laborers to dig the Panama Canal. He believes he will have no serious trouble with labor organizations in carrying out the "open-door" policy with regard to laborers on the canal. Those who have protested against hiring cheap workmen from foreign countries have been informed that no discrimination will be shown; that the competition for contracts will be open to all, and that the government will accept the most advantageous bids.

It has been determined, however, that about 150,000 Japanese laborers will be employed at much lower rates than laborers from the United States, or from any other country, for that matter. The Secretary has taken steps to avoid drifting into the peonage system in Panama. This may be a serious problem, because it will be necessary to hire the laborers in large gangs, through contractors who will have entire charge of them.

TO RETIRE NAVAL MEN.

(BY THE ASSOCIATED PRESS.—A.M.)

WASHINGTON, June 2.—A naval board consisting of Rear-Admirals Sands, Davis, Thomas, Snow and Brownson, with Lieutenant-Commander Hunkeler as recorder, has been appointed to designate those officers of the navy who are to be retired under the Personnel Act.

About twenty, mostly commanders and lieutenant-commanders have voluntarily applied for retirement. These will be retired, and in addition it will be necessary to retire compulsorily five captains, four commanders, three lieutenant-commanders and two lieutenants. Under the recent interpretation of the Personnel Act, about fifty vacancies should be created under the Personnel Act, but as only fifteen can be compulsorily retired and the number of volunteers has not been sufficient, the full number of vacancies cannot be created this year.

JUDGE DE HAVEN REJECTED.

(BY THE ASSOCIATED PRESS.—A.M.)

WASHINGTON, June 2.—The designation by Judge William B. Gilbert of the Ninth Circuit of Judge John De Haven of the Northern District of California as presiding judge in the trial of the land-drum case in Oregon has led to some embarrassment among officials here. The recent death of Judge Bellinger, who was to have tried these cases, caused a vacancy in the Oregon district. It practically had been determined by the President and the Attorney-General that Judge Hunt, United States Judge of the District of Montana, should succeed Judge Bellinger in the trials, and that the appointment of Judge Bellinger's successor should not be made immediately.

At this point, Judge Gilbert, exercising authority which he supposed he had, directed that Judge De Haven should try the cases. This was displeasing to officials of the Department of Justice and a telegram was sent to Judge Gilbert by Atty.-Gen. Moody, inquiring by what authority he had directed that Judge De Haven should try the cases. Thus far no reply has been received. What the result of the situation will be is uncertain, and whether the action of Judge Gilbert will be overruled may depend on the reply he makes to the Attorney-General's inquiry.

CABINET MEETING.

(BY THE ASSOCIATED PRESS.—A.M.)

WASHINGTON, June 2.—At the cabinet meeting today, Secretary Taft brought up the question of certain army appointments, and at the conclusion of the meeting he said he would make public soon his formal orders regarding them.

Secretary Morton announced after the meeting that it had been decided that the remains of John Paul Jones, which are to be brought here, soon from France, would not lie in state in the several cities which have requested that such an arrangement be made, but would be taken immediately to Annapolis, Md., and there placed in the crypt, as planned. It is expected that the remains of the naval hero will arrive in the United States about July 4.

WASHINGTON BRIEFS.

Detailed to French Maneuvers.

WASHINGTON, June 2.—It is announced at the War Department that Lieut.-Gen. Chaffee, chief of staff, and Brig.-Gen. William S. Crozier and Franklin Bell will represent the United States at the maneuvers of French troops. The invitation to send United States army officers to that country was extended to Secretary Taft by the French Ambassador.

Cotton Crop Bulletin.

WASHINGTON, June 2.—A cotton crop bulletin issued by the Department of Agriculture today shows that acreage for the entire belt has decreased 11.4 per cent. The average condition is given as 72.2.

To Close Lady Smith Bank.

WASHINGTON, June 2.—The president of the First National Bank of Lady Smith, Wyo., has advised the Comptroller of the Currency that the directors have voted unanimously to close its doors temporarily, and to request National Bank Examiner Peter R. Earling has taken charge. Examiner Earling has been appointed receiver. The resources and liabilities of the bank March 14, 1933, the date of the last report of condition, were \$53,000. The bank's capital was \$25,000 and deposits \$42,000.

Agricultural Information.

WASHINGTON, June 2.—Ambassador White has called to the State Department from Rome a report on the International Agricultural Conference now in session there, saying that it appears to be the general opinion in Rome that the conference will recommend the appointment of an international bureau for the collection and diffusion of information on lines similar to that of the Berne Postal Bureau.

NATIONAL CRUSADE AGAINST THE UNIONS.

C. M. Post Succeeds Parry as President of National Citizens' Industrial Union and Declares for Organization Throughout America.

(BY THE ASSOCIATED PRESS.—P.M.)

CHICAGO, June 2.—D. M. Parry, resigned, and C. M. Post of Baltimore, Md., was elected to the presidency of the National Citizens' Industrial Union at a meeting here of the Executive Committee of the organization. The action was taken at the request of Parry, who wished to be relieved of the work.

Following his appointment to the presidency, Post named James A. Emery of San Francisco as secretary of the association, the headquarters of which will be in New York. The association, Post declared tonight, would at once organize citizens in every city and village in America.

"These local branches," said Post, "will mass the citizens for the protection of their business interests, to secure the individual personal liberty of each person against the overt acts of labor unions and to guarantee the continuous operation of the industries of the country."

The Executive Committee of the association tonight sent a telegram to Senator Platt, president of the United States Export Commission, congratulating him on the position he has taken up in the teamsters' strike now in progress in Chicago. The message declares that any change in the stand taken by the express companies would be detrimental to the public interests.

A NATIONAL CRUSADE.

(BY DIRECT WIRE TO THE TIMES.)

CHICAGO, June 2.—[Exclusive Dispatch.] The Chronicle says: "The Citizens' Industrial Association, at a meeting in Chicago today, set on foot a national crusade to wipe out the evils of labor unionism. Steps were taken to make the crusade of national scope, and to establish branches of the parent body in every city, village and hamlet of the United States. In these, the membership is to consist of respected citizens, including the best of all classes, ranging from the banker and merchant to the clerk and day laborer."

"It is proposed to make these associations work to the benefit of the union man as for his employers. One of the features of the work will be the training of the best of the best of workers and capitalists alike."

The present strike situation was thoroughly pointed out, and the conference decided to pledge its moral support to the firms against which strikes have been called in Chicago, and aid in every manner possible to effect the defense of the merchants and manufacturers of Chicago against thuggery and graft on the part of union leaders.

"The stand taken by the express companies in refusing to reinstate drivers who have gone to the front of other excuse than orders from headquarters" was applied, and a telegram

was sent to the National Citizens' Industrial Union, asking it to take similar action.

CHICAGO TEAMSTERS. INDICTMENTS ARE VOTED.

(BY THE ASSOCIATED PRESS.—P.M.)

CHICAGO, June 2.—Indictments connected with the teamsters' strike have been voted by the grand jury, and will be returned in Judge Barnes' court tomorrow. The names of the men indicted could not be ascertained today, but it was reported, however, that bills would be voted in connection with the charge made by President Shea of the Teamsters' Union, that he was offered \$10,000 to call a strike against Sears, Roebuck & Company. It was found that the statute of limitations barred any indictments, and the evidence given was largely of hearsay character. It was rumored that some indictments would be based on the charge of conspiracy to injure the business of a number of large concerns, and it was also said that some indictments would be found for perjury. There was nothing definite, however, in any of those statements.

The members of the Teamsters' Joint Council will tomorrow afternoon, at 2 o'clock, inform Mayor Dunne of their decision regarding the proposition of the Team Owners' Association to arbitrate the question of deliveries to the boycotted houses. It was proposed that this matter be referred to a committee of seven representing the teamsters and a like number acting for the Team Owners' Association. This was declined by the teamsters and they said they would consider the matter, promising to make a final decision by tomorrow afternoon.

Trouble in Marysville Mills.

MARYSVILLE, June 2.—All the weavers employed in the Marysville woolen mills struck yesterday morning when Manager Clay attempted to put into effect a new schedule to cover work on new automatic machines. A strike was effected, by which the strikers gain their point. They received the pay asked for, about \$2.50 per day.

RUSSIA IS APPALLED.

Horrible Stories of Slaughter on Board the Czar's Warships Strike Terror to Hearts of His Subjects.

Masses Being Celebrated.

(BY THE ASSOCIATED PRESS.—A.M.)

ST. PETERSBURG, June 2.—[By Atlantic Cable.] All censorship is now removed from foreign dispatches, and the people are appalled at the horrible stories of slaughter on board the Russian ships. The Admiralty has not yet been able to estimate, even approximately, from foreign advices the loss of men, but as the ships were over, rather than undermanned, the total will be greater than the official complement of the vessels would indicate, and probably will exceed 10,000, if only about 4000 were saved.

Requiem masses are being celebrated constantly in all the churches and chapels for the repose of the souls of the slain, although distant relatives are unable to learn definitely the fate of their relatives. The Admiralty has up to the present time been unable to throw any light on the situation, except to announce the safety of those who have reached Vladivostok.

Ugly stories are circulating in this city of the demoralization, and even treachery, of the crews of the Russian ships during the battle, and it is even said that the crew of the battleship Orel bound their officers and held them in the city of the stories, which are discredited by all naval men here, cannot be traced, as the only direct information comes from Japan, but doubts there are based on trouble among the crew of the Orel before her departure for the Far East. She was captured by the Japanese before she left Cronstadt, and late, at Libau, the crew was mutinous. Indignation against Rear-Admiral Nebogatoff is spreading, and "traitors" are coupled with his name, especially since the receipt of the Tokyo dispatches showing that his surrender was not in the heat of battle, but with the land close under his lee, to which his crews could have escaped after the destruction of the ships.

Conservative Russians are alarmed at the possibility of disorders in various parts of Russia as a result of the disaster, and a feeling of disquietude for the future is manifested everywhere.

The Russian press this morning still is advocating more vigorously than ever the summoning of a national assembly, over the reactionary Soviet joining in the general chorus.

In view of the current rumor, it is most significant that the papers which are said to be the opponents of the government unanimously take the position that the representatives of the people should decide the question of peace or war.

AGAINST NEGOTIATION.

(BY THE ASSOCIATED PRESS.—P.M.)

ST. PETERSBURG, June 2, 1:35 a.m.—Feeling in the Admiralty against Rear-Admiral Nebogatoff continues to run high, the majority of the naval authorities are in the opinion of the Admiralty that the Admiral's action in surrendering his warships should not be condemned until the circumstances have been fully known.

The majority say they could forgive anything but surrender and point to the precedent set in the case of the Russian warship Rapaan, which, in 1829, during the Russo-Turkish war, struck its colors to three Turkish ships which surrounded it. CUT IN FIGHT WITH MANIAC.

Terrific Struggle of Doctor in
Long Beach.

Battles for Life, Assisted by
Two Pale Women.

Other Bystanders Fear to Go
to the Rescue.

(SPECIAL CORRESPONDENCE OF THE TIMES.)

LONG BEACH, June 2.—Engaged in a terrific struggle with a madman, and spilling out down a long hall, with two pale, terrified, but plucky women desperately striving to aid him, Dr. W. Harrison Jones, battled for his life this afternoon, while three men, armed with bladed knives, stood at the foot of the stairs, afraid to go to the assistance of the physician.

The affair occurred at 2 o'clock at the Belmont, a fashionable rooming house on First street, between Pine and Pacific, conducted by Dr. and Mrs. Paul Anderson. Occupying rooms in the house are Fred Cornell and wife.

Cornell is a carpenter, who works for George Board, the famous prizefighter, and who came here a few months ago from Riverside. Lately Cornell has manifested an intense jealousy of his wife, which finally brought on a state bordering on nervous prostration, and yesterday Dr. Jones was called to render medical aid.

ATTACKS HIS WIFE.

Toward noon today, Cornell grew restless and about 1:30 suddenly leaped from his bed, opening a large pocket-knife, attacked his wife, who fled screaming down the hall, with her husband in close pursuit.

Dr. Anderson rushed out of his office and seized Cornell, and after a struggle, succeeded in locking him in a rear room, and then went for help. While absent, Dr. Jones arrived, and being informed of the situation, boldly entered Cornell's room and began talking to him.

Cornell stood looking out of the window, toying with the knife, and was calling down, when Mrs. Cornell entered. Instantly his madness returned, and with a snarl of hate he rushed for her, with uplifted knife, but was stopped by Dr. Jones, who caught the hand holding the edged weapon, and the two struggled out of the room. Cornell, not fighting like a fiend and snarling with undisciplined ferocity, kicking and biting.

Back and forth along a big hall they struggled, while Mrs. Cornell and Mrs. Anderson attempted to assist, trying to trip Cornell, and nearly doing the same for the doctor. Mrs. Cornell finally ran downstairs and called for help. Three men, armed with cues, ran out of the billiard hall to the foot of the stairway, and stood there, heedless of Mrs. Anderson's appeals to come up.

GETS UGLY SLASH.

One of them said he had heart disease, and the other two leaned toward him approvingly. Finally, Dr. Jones's hand gave way, and Cornell, jerking his hand loose, slashed at the physician, striking the palm of his left hand and cutting a three-inch gash from the bone. Then the doctor, fearful of his life and despairing of assistance, ran downstairs, where he met Dr. Anderson returning with assistance.

Back upstairs the party proceeded, with the wounded physician at their head. Mrs. Cornell was standing at the top of the stairs, with the bloody knife in his hand, but his frenzy was passing, and at Jones's command dropped the weapon, and was once seized and borne struggling to his room.

Here Mrs. Anderson, wife of the owner of the apartment-house, took charge, and when Cornell had another spell she seized him by the shoulders and threw him back on the bed with a jolt that took all the fight out of him, and stood guard until Marshal Conklin and Officer McMillan arrived. Dr. Jones was weak from his struggle and loss of blood, but after having his wound dressed was able to go to his office without assistance, but says his wife's experience he does not care to repeat.

It is probable that Cornell will be sent to the County Hospital, as it is evident that he is crazy, and the case, being of a frenzied nature, he is regarded as dangerous.

CHILEAN CONGRESS OPENS.

Situation of Country Satisfactory and President is Enthusiastic Over Treaty With Bolivia.

(BY THE ASSOCIATED PRESS.—A.M.)

SANTIAGO DE CHILE, June 2.—(By South American Cable.) President Risco opened Congress yesterday with the usual ceremonies, in the presence of the diplomatic corps, military and civil authorities and a great concourse of people.

The President, in his address, said that the situation of the country was satisfactory. The treaty with Bolivia, recently signed here, in which the German Emperor was named as arbitrator of any difficulty arising in the execution of the convention, was referred to by the President in enthusiastic terms. The Central Railroad, from Puerto Montt to Valdivia, was mentioned as a project of great value to the country, resulting rapidly in an increase of exports. The production of copper was taking on a great impetus, and foreign capital would find in a splendid investment.

ARGENTINE REVOLT QUELLED.

(BY THE ASSOCIATED PRESS.—A.M.)

BUENOS AYRES, June 2.—Details of the revolt which was reported Wednesday as having broken out against the local government in the province of Santiago del Estero show that the attack is practically quelled. The president of the Legislature, a brother of the Governor, dispersed the revolutionaries within the city of Santiago, and the next police force to the interior.

The provincial government requested intervention of the Federal forces, who are now on their way to the scene of the revolution. The latter fled to the woods.

Indictments Against Thirty Have Been Drawn as Result of Evidence Secured in Chicago.

(BY THE ASSOCIATED PRESS.—A.M.)

CHICAGO, June 2.—Indictments against thirty men have been drawn, it is said, as a result of the evidence secured by the Federal grand jury in its two-months' hearing of witnesses in connection with the methods of the meat-packing industries.

Assistant Attorney-General Pagin, who is now in Washington conferring with Attorney-General Moody, is working on the papers. Since the adjournment of

SIDE TALKS BY THE OFFICE BOY

The milk of human kindness dispensed by some people tastes very strongly of the can. I was itching to do a little talking about the election, but the old man said if I did my name was "mad." Now, that it's over, let us get in and pull together and make Greater Los Angeles still greater. You fellows who are gazing haven't got so much to gloat about and you fellows who are knocking haven't got so much to knock about. We've had wet years and dry years, still you couldn't stop this town. As a kid who's trying to study, advertising my hat is off to the fellows who wrote the ads on both sides, but I don't believe advertising influences many votes nowadays; men use their brains and are not telling how they voted. If the truth were known, I'll wager hundreds of hard drinkers voted to close the saloons, and hundreds of men who never drank a drop of liquor in their lives voted to keep them open. There's one thing about the Silverwood stores, everybody's treated alike, the price is always the same, no inflated prices, no fake discounts, just plain straight business every day. Every article guaranteed and your money refunded if the goods don't give their full value in honest wear. Open till 11 o'clock tonight, either store.

Headaches

Perhaps you have attributed your headaches to some disorder of the stomach, or to nervous trouble. Statistics prove that over 90 per cent. of headaches are directly caused by the eyes. Would it not be a wise investment to have your eyes thoroughly examined by a competent optician?

The Federal grand jury, some time ago, Dict.-Atty. General Pagin have been in daily conferences concerning the form of indictments, and it is said thirty true bills have been drawn by Attorney Pagin, while at least ten more are to be drawn as a result of the trip to Washington.

SHIPS NEEDED FOR CANAL.

Panama Commission After Vessels of from Four Thousand to Five Thousand Tons.

(BY THE ASSOCIATED PRESS.—A.M.)

LONDON, June 2.—(By Atlantic Cable.) Richard L. Farnham, a director of the Panama Railway, has arrived in England. His mission is the chartering of several ships for the Panama Canal Commission, and he is now making a tour of the shipyards of Great Britain, inspecting available vessels. He has already visited shipyards at Newcastle-on-Tyne, Liverpool and Glasgow.

The Associated Press is informed that Mr. Farnham desires vessels of from 4000 to 5000 tons, which are said to be not available in the United States because all American bottoms of this size are profitably engaged in coastwise trade. Many small vessels are obtainable in the United States; but according to the informant of the Associated Press, the Canal Commission desires ships capable of carrying dredges, railway engines and trucks and other heavy material to be used in the construction of the canal.

OBITUARY.

Edward J. Earl.

STOCKTON, June 2.—Edward J. Earl, an old resident of Stockton, and a veteran of the Civil War, having served with honor in Co. E, Fifteenth Kentucky Volunteer Infantry, died here this morning. He was a member of the G.A.R. He leaves a widow and four sons.

J. Montgomery Sears.

SOUTHBORO (Mass.) June 2.—J. Montgomery Sears, the wealthiest man of Boston and one of the wealthiest men in New England, died at his summer home here today of diabetes. He was born at Yarmouth, Mass., in 1824, his father having been an East India merchant who accumulated a great fortune. Sears was well known as a philanthropist.

CASE OF THE CALCHAS.

ST. PETERSBURG, June 2.—It is now certain that the United States will be satisfied with the written decision of the Russian Imperial Admiralty Court in the appeal of the case of the captured British steamer Calchas, regarding the cotton which formed part of her cargo, as the general principle that cotton as absolute contraband will not be affirmed. However, the possibility of an acute point being raised upon the principle disappeared with the destruction of the Russian fleet.

The House Committee of the Jonathan Club has set aside next Tuesday from 4 until 10 o'clock in the evening as ladies' day. At that time the club rooms, fittingly decorated, will be thrown open to the ladies and their escorts.

Good Samaritan Mission.

Mrs. Bertha Johnson, superintendent of the Good Samaritan Mission, who has been seriously ill, has now recovered as to be able to take up the work again, and the meetings under her supervision will begin at the mission again on Sunday night.

Crazy Drunk Jap.

Harry Matamura is the name claimed by the Jap who was crazy-drunk in Chinatown Thursday, and who was landed in the City Jail after a hard fight. You can't bank much in the looks of Japs, but as Matamura was in the City Jail before Justice Austin he looked as though his crazy trouble ran deeper than drink. He was fined \$15 and his friends raised the cash.

Occidental Smoker.

The Occidental Club gave a smoker at its rooms on South Spring street last night, at which the jollities of the occasion were heightened by colored lantern slides and a variety of colored lantern slides. The club has increased to between 400 and 500 members, made up from the younger business and professional men of the city. The rooms have all been recently renovated and newly furnished, and are attractive and comfortable. The club has secured a lease for a series of years on the premises, and when the membership has increased to the 500 limit, other great improvements are contemplated.

Once Had Two Ears.

J. B. Carley, a teamster, met with a painful and disfiguring accident yesterday. As he stood by one of his mules, he got bit on the ear by another mule which snapped a whip, the noise causing the mule to jump. Carley was near one of the wheels of the wagon and the mule went against him with all its weight, forcing his head against the edge of the tire, completely severing the right ear. His partner accompanied him to the Receiving Hospital, carrying the ear in his hand, in the hope that it might be attached. The surgeon dressed the wound and of which nothing was left except a small portion of the lobe, but the detached portion could not be reattached.

Maximum Sentence.

W. J. Morrison and Ben Whitney, the "daylight burglars," entered pleas of guilty to two charges of burglary in Judge Smith's division of the Superior Court yesterday afternoon and were given the maximum sentence of five years each in San Quentin. Morrison and Whitney robbed no less than a dozen houses in broad daylight in Los Angeles early in May last. They were arrested in San Jose, and were brought back May 27, and charged with a quantity of loot. They pleaded guilty to having robbed the Scott residence, No. 757 San Julian street, and the Thomas home, 2117 Vermont avenue. The other cases against the men were dismissed.

Woman Suffragists Coming.

Next Monday afternoon at 3 o'clock the women suffragists of Los Angeles will be addressed at the Women's Club House by Mrs. Emily Burton Ketchum of Grand Rapids, Mich., a member of the National Executive Committee, who is on her way to the National Convention at Portland. The Los Angeles women will give a public reception to the national officers arriving in July, as they will stop here on their return from the Portland meeting. Among the notable guests will be Susan B. Anthony, Mrs. Carrie Chapman Catt, president of the International Suffrage Association; Rev. Anna B. Shaw, president of the National Suffrage Association; and Mrs. Charlotte Perkins Gilman, a writer and lecturer on the subject of equal suffrage. The national convention opens June 23 and closes July 5. Immediately afterward the officers will visit Los Angeles.

Fraternal Brotherhood Banquet.

Adjt.-Gen. E. Beck tendered a banquet to the members of the Uniform Rank of the Fraternal Brotherhood last evening at the Cafe Bristol. This company successfully defended a trophy cup at the annual competitive drill held at Temple Auditorium April 22, and the banquet was given by Gen. Beck in appreciation of the good work done on that occasion. Lieut.-Gen. George S. Adolph and staff and the line officers of the 1st and 2nd regiments were invited guests. Gen. Beck acted as toastmaster, and responses were made by many of the officers present. The dinner was served by the 1st and 2nd regiments. Lieut.-Gen. George S. Adolph, Adjt.-Gen. E. Beck, Surgeon-General W. H. Hitchcock, M.D., Asst. Adjt.-Gen. H. B. Goodrich, Col. W. J. Hanes, Col. Claude Clement, Capt. W. R. Rhein, Lieut. Vick Wheeler, Lieut. Arthur Kelley, Capt. W. D. Gibbs, Jr., Lieut. W. E. Riggs, Lieut. W. E. Grow, Capt. W. J. Grein, Lieut. B. F. Hard, Lieut. H. F. Herson, G. W. Bailey, R. L. Bourland, J. R. Baker, J. A. Gray, Lieut. Harry O. Wood, Robert Whitfield, W. W. Carruthers, G. A. Millard, W. H. Perry, M. A. Wood, R. T. Truxter, W. D. Caloun, G. E. Hays, Harry Marx, A. G. Jefferson, E. T. Walters, George Downs, C. E. Parker, R. Cumberworth, Paul Newton, Thomas Willoughby, E. B. Lockwood, D. Young, Ben Grjalva, W. K. Earle and B. Young.

BREVITIES.

The volume of "Liners" in the Sunday Times has become so great that it is found necessary to ask patrons to get their Sunday advertisements in earlier, especially Sunday real estate announcements, which in order to be printed must be in the office not later than 10 o'clock Saturday night. The printing of all real estate matter, including advertisements, in a part by itself on Sundays involves somewhat slower press work, making it essential, in order to get the paper out on time, to stop receiving real estate ads at 10 o'clock Saturday night. Dealers will confer a favor on The Times office if they will turn in Sunday copy on Friday, when possible; or at least a part of it, and the balance early on Saturday. Sunday "Want" ads will all be received by phone and over the counter until 11 o'clock Saturday night.

The ladies' rest room on the top floor of the new wing of The Times Building is open daily from 9 to 5. Ladies from town or country will find this a convenient place to write rest or Stationery provided for correspondence. Both phones available. Take elevator in business office. All are welcome. Dr. J. V. Oidham (eye, ear, nose and throat). Removed to 411-13 Grant. Dr. B. F. Church (eye, ear, nose and throat). Removed to 411-13 Grant. Dr. Robert Haynes returned, 411 H. W. Helmsman Bldg.

There are undelivered telegrams at the Western Union office for Mr. Nijusko Mijuskovich, T. H. Williams, Mrs. Ada L. Davis, Henry Gutz, L. C. Muliyard, Ed. J. D. Hardy, Dr. C. W. Bourne, James P. Ward.

M. Gardiner, J. S. Dodge, Jess Lymann, George Mayne, J. Mortimer, Ed. Ellis, C. J. Cressey, A. Davis, Mrs. J. Keena, C. S. Westlake, J. Mikolopovics, Charles F. Summa, William McKinney, Fred Snyder, Lompe, Gust Stameson, Howard I. Layman.

PERSONAL.

U. S. Grant, Jr., of San Diego, is at the Van Nuys. D. E. Lowe, New York business man, registered at the Nadeau yesterday. Judge Charles F. Conlon of San Francisco is with Mrs. Conlon at the Hotel. P. Walter and E. Walter, tourists from Germany, are among the guests at the Angelus. An arrival at the Angelus is Miss Margaret Keith of Salt Lake City, the daughter of David Keith, Utah capitalist.

CORONA.

FIRE SPREADS FROM PEAT. CORONA, June 2.—Fire, which has been smoldering several months in the peat beds near the Temescal Water Company's wells at Temescal, broke out yesterday, spreading rapidly in the underbrush and endangering the company's property.

A force of men plowed around the locality most in danger until the fire was under control. The fire was confined to the derrick at some unused wells. The Cerrito pump house and some flumes were partially destroyed.

A successful class-day program by the graduating class including the musical comedy, "An American Bride," was given in the opera house last evening. Taking part in the play were: John Priester, Helen Whitmore, Ariana Baker, Forest Dean, Walter Clayton, Pearl Cross, Elmer J. Hefner, Charles Maston and Will Corkhill.

Wesley Johnson was sentenced Wednesday to serve three months in the County Jail for petty larceny. Johnson stole a gun from J. R. B. Rivero and was arrested near Rincon.

Overstocked
50 Pianos
To Be Sacrificed

To close out really reliable pianos, many of them absolutely new, at prices regardless of their true value, seems, on the surface, poor business policy.

The explanation is, briefly, this: Carloads of our regular pianos are constantly arriving, which have first right to ample space for proper representation. But we've a number of unrepresented instruments; many good second-hand pianos, taken in exchange as part payment on Steinways and other makes which we represent; together with sample pianos that manufacturers send us hoping we will act as their agents.

All these goods take up valuable floor space, and we are willing to forfeit profits on them to quickly get them out of our store.

Such new and second-hand pianos are included as Steinway, Knicker & Bach, Emerson, La Gonda, Richmond, Brinkerhoff and many others, some as low as \$128, all at one-third and one-fourth off regular prices.

This sale is managed on the same simple, straightforward plan that has always characterized our store—a small payment down, the balance in monthly installments at your convenience.

Come in tonight if you cannot call during the day.

Every Ward in City Declares Against Chapman-Hahn Ordinance—Large Vote and Fair Election—Los Angeles in Favor of High License.

D. R. CHAPMAN'S prohibition ordinance, which was defeated yesterday by the decisive vote of 15,270 to 8,466.

The campaign has been remarkable for the invective directed by the opponents of the ordinance at those opposed to it. Not in years has there been so much mud-slinging in a municipal campaign.

THE REAL ISSUE.

Everybody who disbelieves in the Chapman-Hahn method has been denounced as a "saloon man" or a "run-ny." Business men who have de- manded high license a surer way to regulate the liquor traffic than the Chapman-Hahn plan, have been bombarded with nasty epithets by the Express. Because the Times believed (with a large ma- jority of the voters of Los Angeles) in high-license taxation instead of the im- possible dream of prohibition, Dr. Chapman accused that paper is "at- tached with the rough and scuff ele- ment." The sovereign people have re-

quent intervals, up to the hour that the polls closed.

In each of the assertion was reiterated that it was "a big victory for no-saloons."

Unless the saloonists can crowd through a large number of illegal votes and do the stencil act during the count, as planned, they are whipped," shrieked the person in charge of the town hall.

WORST OF FAKES.

Veteran newspaper men say they never saw an instance of foolish faking and dishonest journalism equal to that of the Express in printing in its 10 o'clock edition last evening a report under flaring headlines that the ordinance had been carried. "Big victory for no-saloons," said the headline. "Glorious victory in sight," read the first editorial. And at the top of the first page was a four-column wide picture picturing the destruction of the high-license navy by the prohibition craft. The Chapman warship was sinking everything in sight.

When the Express printed this astonishing fake, it must have known the cold blooded evidently harboring the silly delusion that it must fool its off-fooled readers up to the last minute—that it must give the subsidizing Anti-Saloon League its money's worth. It is easy to understand the dishonesty of the sheet, which has been persistently in evidence all through the campaign; but how could its management have been so stupid as to openly put through such a palpable fraud? There isn't a newspaper reader in town who can't give a particle of credence to the Express after such a brazen exhibition of its utter disregard for facts.

A FAIR ELECTION.

There were few challenges. The business men were careful that none but bona-fide electors were permitted to go to the polls to cast their ballots against the ordinance. With a few exceptions the prohibition voters were all legally entitled to take part in the election.

obtained after the election was called. Yesterday 23,736 votes were cast. This shows that the actual percentage of the vote to the registration was greater than at the city election.

The prohibition forces were well organized and put up a game fight in every precinct, but they were woefully lacking in solid ammunition and the incubus of the Express, loaded on their shoulders, proved too great a handicap to overcome.

The greatest surprises came from the First and Ninth wards. These the saloon men long ago conceded to be in favor of the ordinance. Not so the business men. They insisted that the people of those wards have too much common sense to take a chance with legislation of doubtful effect.

It was the business men who fought the ordinance in the First and Ninth wards. They were doing politics inside the 100-foot limit in the Third Ward. Mayor McAlister sent instructions to police headquarters to have officers sent to each precinct in that ward to see that both sides received a square deal.

The erratic Sixth Ward polled the highest vote, both for and against the ordinance; the vote cast there almost equaled that in the last Presidential election.

Second in line both for and against the ordinance was the Fourth Ward. The heavy vote registered in this ward against the ordinance was one of the surprises of the election.

But the blow that demolished the last

NEWS OF THE COUNTRY.

NO MORE FIGHT AGAINST HAYS.

Committee of Stockholders Say "Drop the Case."

Unwilling to Take Risk of Further Expense.

Riverside's District Attorney is on Waiting List.

Lucky Tom Hays.

The amazing intimation has come from Riverside that the entire bank- wrecking case is to be dropped.

It is said that the directors of the ruined bank, discouraged at the recent surprising acquittal of Hays in the Federal court, have about decided that nothing further can be hoped for in their efforts to secure the punishment of the former cashier of the Orange Growers' Bank.

A committee that is making an investigation at the direction of the stockholders is reported to be about ready to make its recommendations. There is ground for the belief that the committee will advise against any further action against Hays.

Financial circles in Riverside are stirred deeply over the prospect that Hays is to go unpunished, but on all hands there is the same helpless exclamation:

"What can we do? The business honor of the city is at stake; it already has suffered much from the exposure that have been made of methods that were loose—to take the most charit- able view of them; it will take years to remove the stain on our escutcheon—a feat that would have been accom- plished much more quickly by the con- viction of the guilty. Indictments have been quashed; the case that was con- sidered the strongest was lost in a man- ner most remarkable. What's the use of trying any further?"

FROM OLD HAUNTS.

While this committee is at work in Riverside, attempting to determine up- on a line of action, Hays, with his fu- ture apparently blasted by the dis- closures that have been made in con- nection with his case, is living with his wife at Ocean Park, far away from the city with which he was identified for so many years, and which, to many per- sons, is not the same place in his ab- sence.

Through all his troubles, the wife of Hays has clung to him, with never an outward indication that she suspected him of any of the many accusations that have been made against him.

The members of the committee work- ing at the request of the stockholders are Chauncey L. McFarland, a well-known attorney and Mayor of River- side; D. P. Chapman and L. F. Dilling, all representative men. None of them will intimate what he will recommend.

Among directors and stockholders of the defunct bank, there is a dissemi- nated feeling. Most of those who have had to pay heavily for their ex- perience as bank owners and operators, want the matter pushed to the very end—until punishment has been visited upon the guilty, or until all hope of se- curing such punishment has passed.

It is the belief of those who have fol- lowed the case closely that there is no further possibility of getting Hays in- to the Federal court on any charge. The best eggs were put in the basket that was wrecked a few weeks ago in that court.

SEEK CASE THAT WILL STICK.

What the committee is said to be seeking in the possibility of securing a case that would "stick" in the State courts.

Statutes of limitations, muddled book- keeping, the lack of necessary links in evidence and a number of other circum- stances are said to militate against the securing of such a case, even when strong circumstantial evidence may be.

The suggestion has been made that the stockholders subscribe a fund of \$20,000 or \$25,000 for the purpose of pushing the matter to a conclusion; to employ eminent counsel to join in the prosecution and to leave no stone un- turned to attain the desired end.

This would mean another heavy as- sessment upon the stockholders, how- ever, and few of them are in a frame of mind that would warrant them in send- ing good money after bad.

They declare that Hays ought to be punished, but they say they do not see how they can afford to add to their losses just for the sake of taking a chance at chastising him—with the odds, if former experience counts for anything, all against them.

COLD WATER ON HOPES.

Needless to say, the friends of Hays—men who were tied up with him in numerous political deals in years ago—by encouraging the stockholders to retain this view. Although these people are in the minority they are throwing much cold water on any hopes the good people of Riverside might have had of seeing the coils tighten around Hays.

All kinds of bugaboos are set up to frighten the persons most interested from proceeding further. The hardships imposed on the witnesses and the im- possibility of furnishing evidence that would be effective are among the argu- ments put forth by the Hays element.

They say it is a terrible strain on a business man to go through the search- ing inquiry to which he is subjected on the witness stand; that it will take weeks to present the case properly; that the case never could be tried in Riverside county, anyway, because of the state of feeling that exists there, and that the extra assessment on the stockholders would not be warranted.

District Attorney Lyman Evans says he is ready to take up the matter when- ever any person interested may see fit to file a complaint. Meanwhile he waits.

Some of the stockholders say they would like to file a complaint, but that they are uncertain as to their ability to make out a case—so shaken in their faith have they become by reason of the verdict of the Federal jury.

The entire situation hinges on the committee of three. Its recommenda- tion to prosecute or drop the case will settle the matter once and for all, it is said.

IN AFTERNOON.

Robert E. Lee Chapter and its friends will hold memorial services at the Trin- ity Methodist Episcopal Church, South, corner Ninth and Grand avenues, this afternoon at 2 o'clock, after which they will visit the different cemeteries to decorate the graves of Confederate sol- diers.

THE PUBLIC SERVICE.

SUMMARY OF THE DAY.

There was wrath at the City Hall yesterday over attempts of careless officers to collect poll taxes twice. The curfew was raised on the first case in the Elderton divorce suit yesterday in Judge James' court with the first victory for the wife. Morrison and Whitney, the two professional burglars returned here from San Jose, pleaded guilty yesterday and were lucky in escaping with five-year sentences for from twelve to eighteen distinct crimes.

LOOSE WORK BY COLLECTORS.

ATTEMPT TO GATHER IN POLL TAXES TWICE.

Indignation Among Employees of City Whose Salaries Were Garnished—Sparks Flaw When Deputy Collector Came Around—Sinking Fund Payments.

County Assessor Ben Ward has lost his seat on the platform at the city hall. Hereafter his place in a municipal meeting will be away back next to the door.

Thursday's deputy from the County Assessor's office went to the City Treasurer with an armful of garnishments of salaries of city employees. Soon the trouble started. Willard Goodwin, clerk of the Council Committee, went to draw his April pay. The deputy had just deposited the garnishments and one of them was against Goodwin's salary.

Now it happened that Goodwin held a receipt for his poll tax and that the receipt was signed by the deputy who had just deposited the garnishments. He was very much perturbed because the deputy had just deposited the garnishments and one of them was against Goodwin's salary.

Soon came Building Inspector Backus. His salary envelope was just \$2.34. Backus produced his receipt for this year's poll tax and started to look for that deputy.

City Clerk Harry Leland did not apply for his salary until yesterday morning. Over his coffee cup he read in the Times that his name was among those against whom garnishments had been issued.

Mr. Leland called at the courthouse before going to the hall. But the news that he was coming had outstripped him and the poll tax clerk had ducked for cover.

Leland has a half trunkful of medals won in athletic contests. At one time he held the record for horse runs knocked at Chutes Park.

The Deputy Assessor was very much perturbed because the Times had included Mr. Leland's name in the list. Mr. Leland had paid his poll tax several weeks before and his name was not among those on the roster sent to the city hall.

Mr. Leland went down to the city hall to look for the Times reporter. He stepped on his way to the press room and saw a man at the list of garnishments in the Treasurer's office.

Boyle Workman picked out the garnishments affecting the City Clerk's office. There was just one name on the list. It was that of the City Clerk.

In the meantime the deputy at the County Assessor's office had gone away to spend the day in the country.

There are only a few instances of garnishments where the poll tax had already been paid. Mr. Workman said yesterday afternoon the county deputy explained the errors by saying that a number of the poll tax collectors have not yet turned in their receipt books and that it is due to this fact that the errors were made.

But it will take more than this explanation to regain Mr. Ward his front pew in the municipal chapel.

Bond Money Due.

Interest and sinking fund payments due on municipal bonds in the amount of \$100,000 is being paid this week by the City Treasurer. It is the first payment on the principal of the bond issues of 1902 and 1904. About \$65,000 of the payment is applied to the sinking fund for redeeming one-fortieth of the bonds; the remaining \$35,000 is interest.

LED CAT AND DOG EXISTENCE.

TROUBLES OF ELDERTON PAIR EXPLOITED IN COURT.

Wife Who Now Seeks Divorce, Has Had Three Other Husbands—Court Orders Last One to Pay Alimony. Professional Burglars Escape With Light Sentences.

Mrs. Emma Elderton did not think it nice or kind that her husband should twist her with having had three husbands before he received his promotion, for he himself had one previous wife. She cried about it in Judge James' courtroom yesterday—not about the husbands, but the insinuations of her husband's counsel.

W. C. Elderton runs the Boston dairy lunch restaurant, on South Broadway, and has real estate interests which, his wife avers, are worth at least \$15,000. She had her husband into court yesterday to show why he should not be made to pay alimony.

It was shown that the wife came to Los Angeles with about \$175, and now has to her credit in the bank \$2500, and it was claimed that she had no need of alimony. But Mrs. Elderton contended that the \$2500 was really a trust fund belonging to her son, and the court evidently believed that, as an order was made that the husband pay \$100 pending the trial of the divorce suit.

When Elderton married the grama widow she was Mrs. Garten, her husband having been the sergeant-at-arms of the City Council. He made a good sergeant, but one day was missing, and thereafter his wife got a divorce, and married Elderton. The latter, in a cross-examination, claimed that he was caused grievous mental suffering when he discovered that she was married to him with one of his wife's husbands, and his anguish was made complete when she at times would fall into reminiscence mood and compare him with No. 1, 2 and 3, as the fancy would strike her.

But Mrs. Elderton claims that her husband was very cruel to her, and after selling her a little bit of Elmore, had her footstepes dogged by a woman detective. The husband makes the same claim, saying that his wife retained a woman to dog the Elmore, and incidentally spy upon his comings and goings. He further claims that she was a disquieted and disappointed woman after she discovered, after her marriage, that he was not the wealth that she had thought he was.

Not the wealth that she had thought he was, but a man who wanted to know just how he was fixed. When she married Elderton she was a young woman, and incidentally a very beautiful one. She was a very beautiful one, and incidentally a very beautiful one.

When things in the restaurant man's home were becoming a little bit strained, he avers, that his wife telegraphed to Wagoner at Portland, Ore., and asked her to come to Los Angeles. "I don't think I can stand it," she telegraphed back. "I don't think I can stand it," she telegraphed back.

All kinds of epics charges and counter charges are made in this suit, and when her involved reminiscences of husbands and husbands' wives are transcribed, are exploited, the trial ought to be interesting.

SKELETON KEY MEN.

GET FIVE YEARS EACH.

W. J. Morrison and Benjamin Whitney are the two men who were brought back from San Jose to answer several charges of burglary. They realized that the time was passing and yesterday pleaded guilty before Judge Smith.

The specific charge against them was having broken into the home of D. G. Scott by means of a skeleton key, and taken a gold watch, chain, and other valuables. The parties were twelve other charges against the two men, and Detective Hawley informed the court that when arrested they had in their possession a skeleton key and a revolver.

The men had nothing to say in their own behalf, but as the court had fixed the crime at burglary in the second degree, they received the limit—five years at Folsom for each of them.

CUBAN PATRIOT.

PECARRERA GETS DIVORCE.

Señor F. de Lopez y Pecarrera was yesterday granted a divorce from Jose Antonio Lopez y Pecarrera by Judge York on the ground of desertion and failure to provide. The parties were married at Tampa, Florida, on August 21, 1903, and in later years came to this city to reside.

After Cuba obtained its freedom, Don Jose returned to Havana and at present in one of the government offices, receiving a monthly stipend of \$60 a month. But for a long time he had been deserting his wife, and in a very real state of health, and practically deserted her by leaving her the detention house, and in the meantime she had purchased almost entirely with her separate money, and this home was retained by the court for her use in granting the decree.

WILKES GOES FREE.

CIVIL RIGHTS REMAINS.

The criminal proceedings against Paul Tupper Wilkes, initiated by Miss Elizabeth La Rue, was yesterday dismissed in Justice Pierce's court on motion of the District Attorney, and the defendant was free to fight in court in civil proceedings.

COURTHOUSE NOTES.

BREVITIES MISCELLANEOUS.

THE WOODS DIVORCE. Lottie L. Woods was granted a divorce from Fred W. Woods by Judge Gibbs yesterday on the ground of cruelty. The parties were married at Sedalia, Kan., in 1894, and there are two children. After coming to California it was shown that the husband turned a pistol in his pocket and announced his intention to kill his wife and then put a bullet through his own brain. Another time he brought a knife and was generally so disagreeable that a police officer had to be summoned. In an order that Woods pay \$5 a week for the support of the children.

COLLEGE ALUMNI.

The Pomona College Alumni Association has incorporated with capital stock. The directors are: S. B. Adams, J. D. Stearns, and A. J. M. Smith. The association was organized for the purpose of promoting the interests of the college and its alumni.

WALLOPHER HER.

Alice Rockwood was granted a divorce from William Rockwood by Judge Gibbs yesterday on the ground of cruelty. The parties were married in Kansas in 1903, and after coming to California, the husband was generally so disagreeable that a police officer had to be summoned. In an order that Woods pay \$5 a week for the support of the children.

THE WIFE OBJECTS.

Meyer Lewis, a business man of some means, who is an inmate at present at the German Hospital, yesterday obtained a divorce from his wife, Selma Lewis, on the ground of cruelty. The parties were married at San Francisco in February, 1907, and in August, 1910, the wife was alleged to have deserted. The husband was then living at the family home on Valencia street, though the husband had been taken to a hospital for the better part of two years.

WANTS DAMAGES.

Rose S. Roberts, a woman who lives at the Los Angeles Railway Company to recover \$10,000 for personal damages. The plaintiff felt the ground and broke her arm while attempting to alight from a car at the corner of Seventh and Broadway.

THREE OF A KIND.

Mrs. Emma L. Frink and her husband are mourning the loss of "Beauty," a dog which was killed by a car. The dog was valued at the sum of \$300, with a beaver and a bull thrown in for luck.

CHANCERY MUST DIG.

Charles E. Chantry answered the citation in Judge Bordwell's court yesterday, and the case was set for trial. The parties were married in 1903, and the wife was alleged to have deserted. The husband was then living at the family home on Valencia street, though the husband had been taken to a hospital for the better part of two years.

FELIX WANTED IN MEXICO.

Mexican Consul Claims the Man Was Kidnaped. Alleged That He Captured Antonio Martinez at Ranch Near Ensenada and Forced Him to Come Over into the United States—Proceedings Instituted to Secure Felix.

As an aftermath of the case in which one Antonio Martinez, one-time resident of Santa Monica, Cal., was brought to trial in Los Angeles early in the present year for a murder committed several years ago near Santa Monica, and for which he is now serving a term in the state prison, a new action began yesterday before United States Commissioner Van Dyke.

Gen. G. Andrade, Consul for Mexico, has filed a complaint alleging that Martinez who was a citizen of the republic of Mexico, was kidnaped by one Felix at the Benito Dominguez ranch, near Ensenada, and was forced by threat of the United States without lawful authority, to come to this country in charge by United States officers.

Proceedings have been instituted in California on the charge of kidnaping, and it is to secure his presence that this move is made. It is set forth in the complaint that Martinez was kidnaped by Felix at the Benito Dominguez ranch, near Ensenada, and was forced by threat of the United States without lawful authority, to come to this country in charge by United States officers.

The reason for the dismissal of the criminal case was that the District Attorney did not hope from the facts that Martinez was kidnaped by Felix, and that he was forced to come to this country in charge by United States officers.

THEY PLEAD GUILTY.

MAIL RIFLER SENTENCED.

Manuel B. Lomasney of this city was sentenced by Judge Wellborn yesterday morning to one year at hard labor for the crime of mail robbery. Lomasney was indicted by the Grand Jury charging him with bigamy.

Judge Lawlor of the Superior Court

at San Francisco denied the motion of George D. Collins, the attorney, to quash the indictment brought by the Grand Jury charging him with bigamy.

Prohibition Scheme Has Had a Fair Chance.

High License the Thing to Go in for Now.

Foolish and Unfair to Call Another Election.

Los Angeles business and professional men expressed themselves freely and frankly last night on the result of the election; they were especially pleased that the verdict of the voters was so decisive, leaving no room for doubt as to their collective attitude on the question.

An unmistakable sentiment was voiced for high license and for the strictest kind of police regulation of the liquor business. Some of the speakers were in favor of making a radical increase in the license taxation. Every person who was present at the meeting of the regulations under which the sale of liquor is permitted.

A loud protest was made against the proposal of Dr. Chapman, in a signed statement, to have the city of Los Angeles to renew the agitation for a prohibition ordinance. The general opinion was that there is no sense in such a suit, and that the city should stick to the great coat to the taxpayers, the upsetting of business, the stirring of animosities, and the harm that comes with such a period of unrest and uncertainty as that through which the city has just passed.

"The liquor license should not be increased," said Dr. J. H. Farnett, French Vice-Consul and proprietor of the Villa de Paris. "Now that the sentiment of the people is so well known, we should go ahead with steps to raise the rates and to weed out and suppress the most objectionable saloons."

"These people who have made this fight," said Dr. J. H. Farnett, "are the same people who are now making a great mistake to have a repetition of the agitation and turmoil through which we have just passed."

"The fact is," said Dr. J. H. Farnett, "that the city should stick to the great coat to the taxpayers, the upsetting of business, the stirring of animosities, and the harm that comes with such a period of unrest and uncertainty as that through which the city has just passed."

"The fact is," said Dr. J. H. Farnett, "that the city should stick to the great coat to the taxpayers, the upsetting of business, the stirring of animosities, and the harm that comes with such a period of unrest and uncertainty as that through which the city has just passed."

hopes of the prohibition leaders was dashed when the City Ward. That this stronghold of temperance should repudiate the Chapman-Hahn ordinance was almost beyond belief.

Warders were really said that this ward would give a majority of 500 for the ordinance. The official count showed that it was against it by a majority of 135 votes.

In all the precincts west of Main street the vote against the ordinance was unexpected heavy. East of Main it was comparatively light.

The seventh ward proved to be the disappointment of the day for the opponents of the ordinance. The ward men did most of their work down there and promised a majority of 2000 against closing the dram shops. Odds were offered against a 1500 majority.

They lost their wager by just nine votes.

Some of the prohibition leaders claim to be unwilling to abide by yesterday's result. They say that they did not have a fair show; that the Express was unfairly treated; that the Express was unfairly treated; that the Express was unfairly treated.

These allege that the Express insisted that it should be a campaign of vituperation and backbiting; that when the prohibition leaders were invited to the meeting to the extent that the Express desired the publisher of that sheet brazenly printed garbled interviews, putting words in the mouths of those they never even thought of using.

MORTON SCORES EXPRESS. One instance of the dishonesty of the Express is brought to notice by Edw. W. Morton, who declares that the Express has frequently put words into his mouth that he did not say. Mr. Morton states that he did not use language reflecting on the city of Los Angeles, and that on previous occasions the Express had grossly misrepresented him.

The expense of yesterday's election will probably aggregate \$12,500. It was the first test of the initiative at a special election and the results were not altogether gratifying; the city expended money that is needed for public improvements, and gained nothing.

Street Superintendent Hanley last night expressed his opinion that the charter should be so amended that initiative votes may only be cast at general elections.

R. H. Hines is brief, pungent and to the point. "Well, I think this one election has been about enough. If they want another let them pay the taxes and foot the bills for it."

DROP IT. Fred A. Hines: Without discussing the merits of the question at all, I think that a vote of nearly two to one is certainly decisive. The thing should be dropped where it is, and there, not stir up this whole matter again."

MAJORITY RULES. "While I believe that the liquor license fees should be raised," said Walter Maxwell, "care should be exercised not to do so to the extent that it would be prohibitive. A reasonable increase is clearly justifiable."

SEEK TRACE OF AGED MAN.

MYSTERY OF A DISAPPEARANCE IN PASADENA.

Woman Fall to Land at Election of Members of Board of Education. One Defeated Candidate Says It May Be Because They Didn't Get Out and Electioneer.

PASADENA, Office of The Times, No. 10 South Raymond Avenue, June 3.—A. W. Coleman, aged 69, who came here last October from Kansas City, disappeared Thursday afternoon under mysterious circumstances. The police have been notified to be on the lookout for him, and although the missing man has no near relatives in this city, friends and acquaintances are making a persistent effort to locate his whereabouts.

Coleman, who since coming to Pasadena has been boarding at the residence of C. S. Mayfield at the corner of Maple street and Wilson avenue, started away from the house Thursday, after telling Mrs. Mayfield that he had just received a certain letter, and that he probably would never see him again.

Mrs. Mayfield stated last night that the old gentleman had been in the habit of making similar remarks in a joking manner, and she thought it was not at all unusual for him to say that he would not return at the usual hour, when he was alarmed, and a search was made of the neighborhood, but without avail. It was the first time the missing man had ever been away from the house over night during his nine months of residence with the Mayfields. He had barely enough money with him to live on, and Mrs. Mayfield is positive he does not know where he has gone, and she knows he had no acquaintance outside of her own family.

When he went away the missing man had on a dark suit, black soft hat and wine-colored overcoat. He is otherwise described as weighing 145 pounds, height not much over five feet, smooth shaven, except for small mustache, and walking with dragging step.

WOMEN CANDIDATES FOR THE BOARD OF EDUCATION.

Women candidates for the Board of Education failed to land at the election yesterday afternoon. Voters of Pasadena in the most interesting and hard-fought contest ever waged locally decided against retaining women as members of the governing body.

Both the constables of Pasadena township have been asked to be on the lookout for an alleged wild man who has been seen in the vicinity of the city. The constables are William C. Miller and George W. Stinson. According to reports, a stranger, garbed only in breeches and with long flowing locks, is haunting the city, and is said to be coming out of his haunts only rarely and when ever seen, running swiftly to cover. Of course, the constables are on the alert for him, and are said to be keeping a close watch on the city.

RESIGNATION OF DE BIRON.

At yesterday's semi-monthly meeting of the directors of the Humane Society, Field Agent De Biron tendered his resignation, to take effect at once. It was accepted forthwith and with apparently no further comment. De Biron, who was terminated a protracted period of friction between De Biron and his superiors. For some time past members of the society have been in entire harmony over the field agent's methods of work, the dissatisfied ones being the minority. De Biron's ability as a veterinarian was recognized and commented upon favorably, and it is believed that the society will work in a more harmonious manner in the future.

DAY WE CELEBRATE.

The committee on arrangements for Pasadena's stay-at-home Fourth of July celebration has so far not been interested in its plans by the protests of the city fathers. The committee, which was organized at the last meeting of the committee, has been working hard to make the celebration a success. Claremont. MANAGER FOR ATHLETICS. CLAREMONT, June 2.—The Associated Students of Pomona College have gradually been placing the student affairs on a businesslike basis and now their efforts have culminated in the election of Leslie E. Fuller as manager of all student affairs. It has formerly been the custom to have a manager for everything and he will be paid a salary which will compensate him for his loss of time.

Wit of Dr. Jowett. Many are the stories told at Oxford University of Dr. Jowett's formidable wit. On one occasion, at one of his own dinner parties, after the ladies had retired, a guest indulged in some indiscreet remarks. Dr. Jowett looked at the offender and said with decisive politeness: "Suppose we continue this conversation in the drawing-room."

SANTA MONICA. ANOTHER PIER PROJECTED. SANTA MONICA, June 2.—Unless present plans sadly miscarry, Marine street will very soon have a commodious pleasure pier. The association met last night and after a stormy session that continued far into the night, the application of M. R. King to erect a structure was granted.

OCEAN PARK. RUSH WORK AT VENICE. OCEAN PARK, June 2.—An army of a thousand men will have Venice ready for the opening of the season on July 7 if long hours and night and day shifts can accomplish the task. Everywhere about the modernized Italian city artisans are rushing under a full head of steam. Three days ago work was begun on the Venetian pier, and already the framework is erected to a height equal to that of an ordinary three-story building.

He is, in truth, a MAN. Such a man has perfect health, and you can assure truly that the life so common to his sex does not trouble him. It is just such men that build up the altered patients that come to me for treatment.

I have learned to cure men by study and experience. Sixteen years of successful practice have perfected my methods so that a cure is a certainty. I have devised new and scientific methods of treating every phase of men's diseases and can effect permanent cures without other help. There is no possibility of failure and no suffering. Adding the natural force of my own original method.

Boys' Dress Suits Worth to \$10, at \$4.95

It is all right to buy boys' suits for play and for school wear, but if you
want to make them mainly see that they are dressed just as well as your
pocketbook can afford, especially in providing them with a suit for Sun-
day or "best" wear. Our Boys' Clothing Department is the most popular
with Los Angeles parents, for every woolen suit that
does not wear to their expectations will be cheerfully
exchanged for a new one. As a favor to the boys,
themselves on Saturday we give some little remem-
brance, and this Saturday it will be a League Junior
Baseball for the larger boys, and a serviceable 3-
piece garden set, also tin pail and sand shovel, for
the smaller boys, with each suit sold.

...the value of property. He said he owned a piece of real estate on Main street and he had been scheming for years to get the saloons out of block in order that the value of his land might go up.

...J. M. C. Marble was also one of the speakers. The Wesley Quartette furnished the music.

ENTHUSIASTIC WOMEN.

While not very strong in numbers, the women at the mass meeting in the First Methodist Episcopal Church had plenty of enthusiasm. At the time was taken up by Dr. Chapman in explaining his system of block organization. Keep the women to join. The women who signed to get a list of the names of all the voters residing on the particular block they live on; this done, they are to find out whether they will vote yes or no on the ordinance.

...considerate, patient and gentle in your efforts to induce men to vote 'yes,' he said, quoting from the case of instances that have been issued. "Be persuasive but not dictatorial. Do not be drawn into heated controversy. Meet all arguments as to conditions. Keep the interest of the home and family to the front and plead for the women and children whose interests were involved in this struggle but who cannot vote in this struggle."

I hope within the week to get one thousand women to sign these cards."

Mrs. Ella Tupper, city superintendent of the Women's Home Protective Association, in which the women will themselves make a short address. "We come to the streets as soldiers," she said. "We must do our duty. We are set to do, no matter what we think. We will do it. It is being done. Our general gives orders and we obey and we should have no opinion as to the wisdom of the orders. We may think we have a better plan or way of doing things, but we must not argue."

"God willing, we're going to close the saloon and put something in place of it. The coffee club is to take the place of the saloon. But we the mothers of this city are stronger than all the legions of darkness."

"Our arguments are without a flaw. There are a great many who are sincere in thinking that the business in this city is being jeopardized by the abolishment of the saloon. But we have arguments against that and we will convince them if we go about it in the right way. We are going to give the world an example of a city without a saloon."

THE WHIRLWIND.

Dr. Chapman made one of his whirlwind addresses, getting by his feminine hearers up to a great pitch of emotionalism.

There are men who would put their wives and children on one side of the scale and a few dollars in the other, and the dollar side tips way down. I tell you that. And I tell you on the street the other day. And I tell you that I had talked to him for a few minutes and he was glad when his car came."

The University Quartette furnished the musical numbers.

BOYS AND GIRLS LINED UP.

The Boy's Heights Boys' and Girls' No-Saloon Brigade was organized yesterday. The meeting for the Boys' and Girls' Presbyterian Church was held in the Presbyterian Church at the Heights, and the Rev. C. J. Hall was the speaker. The brigade adopted the words "No Saloon" as its slogan. The members will be given, distribute literature and use other methods to help the dry cause along.

WILL BUILD CHURCH.

Park Congregationalists Plan for Handsome Structure for Northwest Hills.

One of the evidences of the general advancement which is taking place in the northwestern part of the city—evidence, which for several years, has been held back by the oil-well—was the decision of the Park Congregational Church to erect a modern church edifice on a more suitable location. The Times today gives the first information of this project, and the picture published herewith is a view of the proposed building.

It is to be erected at the northwest corner of Bellevue avenue and Douglas street, Angeleno Heights, the site for which, 100 by 100 feet, has been purchased. The trustees have been instructed to sell the present church property, 75 feet frontage on Temple street, by 175 feet on Metcalf street, including a cottage in the rear of the church, for not less than \$100,000, and proposed to erect a new church building to cost about \$8000. Financial, legal, publicity and other preliminary plans have been selected, and committees, self-sacrificing plans have been formulated by members of the church, Christian Endeavor Society and Sunday-school, for the purpose of raising the necessary money.

The Park Congregational Church is the pioneer organization of that kind in all the district situated west of Bunker Hill avenue and north of First street. The Sunday-school was established just north of the building now occupied by Kalliwada's drug store, on the corner of Temple street and Douglas avenue, on June 8, 1884. Preaching services were held in connection therewith until August 19, 1884, when a church organization was formally organized at the home of Mr. and Mrs. J. Mills Davies on Temple street. Mr. and Mrs. Davies were still members of the church, and Mr. Davies has been a trustee of the church continuously since its admission into the fellowship of Congregational churches in October, 1884. The present church building was erected and occupied in 1888, during the fourth year of its membership in the congregation, when Rev. Thomas Hendry, who was a faithful pastor of the church from 1884 to 1893, resigned, October 1, 1903. About January 1, 1904, the present pastor, Rev. J. J. Brainerd, commenced his ministry, and his faithful efforts, supplemented by those of his (ideal pastor's) wife, have contributed in a marked degree to the success of the church in its auxiliary departments, both spiritually and temporally.

It is situated in the center of the "oil district," whose derricks seriously retarded the growth of that part of the city, the church was only barely able to keep up its regular membership for many years, and a number of its oldest and most faithful members were compelled to move to other parts of the city. The gradual removal of the oil wells, however, and the rapid growth of Angeleno Heights, the new field, give good encouragement and hope for future great success of the pioneer church of the northwest.

It is worthy of special mention that Park Congregational Church has been, since its organization nearly twenty-one years ago, entirely free from

...the men who would put their wives and children on one side of the scale and a few dollars in the other, and the dollar side tips way down. I tell you that. And I tell you on the street the other day. And I tell you that I had talked to him for a few minutes and he was glad when his car came."

The manufacturer, the retailer and the consumer are at the three corners of a triangle. Between the manufacturer and the retailer are commission man, wholesaler, jobber and drummer. Between the retailer and consumer is personal acquaintance. Between the manufacturer and consumer there is nothing—until that manufacturer realizes the possibilities of advertising. Then as advertising builds up an acquaintance between the manufacturer and the consumer the power of acquaintance between retailer and consumer is lessened, while the chain of commission man, wholesaler, jobber and drummer is weakened in influence, though increased in value as a distributing system. The way around the triangle through the retailer is a long one to the consumer. The advertising way is the short way. To build up confidence along the manufacturer-consumer side of the triangle, and you are independent of the other two sides.

ITALIANS PROTEST.
 Resolutions Against No-saloon Campaign at Mass Meeting in Garibaldi Hall.

The Italian Colony is against the passage of the proposed no-saloon ordinance. The colony made this attitude manifest yesterday afternoon when it assembled in mass meeting at Garibaldi Hall on State street.

Nearly five hundred persons were present, the hall being taxed to hold the crowd, and there was a general expression of sentiment against the abridgment of personal liberty, which the col-
 onists believe the proposed ordinance would accomplish. The Italians also think the proposed ordinance would mark a great hardship on those of their number who are engaged in winemaking and the raising of grapes for purpose, and that it would be of equal disadvantage to the business interests of the city.

All these views were set forth with vehemence at yesterday's mass meeting.

Sormano was the chairman, and speakers were Carlo Abrate, editor of *La Colonia Italiana*, N. Catti, Dr. Samella, H. Adams, Nocrino, Blust, Turin.

The meeting passed resolutions setting forth their views as indicated, and closed with the expression: "Therefore, be it resolved that the Italian-Americans of Los Angeles, in pledge their united support to all other liberal elements of the city protesting the ordinance proposing to close the saloons."
